Contribution of Faculty Members in Curriculum Design, Evaluation and Assessment of Undergraduate and Post Graduate Programmes

St. Xavier's College is an Autonomous college affiliated to the University of Mumbai.

Flexibility to design the curriculum is integral to the framework of autonomy as per the UGC guidelines for Autonomous Colleges. Faculty members of every department design the syllabi for the courses, which are discussed and passed by the Subject Board of Studies (BOS) constituted as per UGC guidelines for Autonomy, 2018.

Under the provisions of Autonomy, St. Xavier's College conducts the assessment and evaluation for all Undergraduate and Postgraduate programmes internally and degrees are awarded by the University of Mumbai. All full-time faculty members are involved in the assessment and evaluation process including question paper setting, evaluation of answer paper for the examinations conducted by the college.

Several permanent faculty members of the college are invited by the University of Mumbai for assessment and evaluation work of examinations. Following autonomy, faculty are also invited by other autonomous colleges for evaluation work.
