Criterion I

1.3.3: Average Percentage of students enrolled in the courses under 1.3.2 above.

Findings of DVV:

Provide Report of the field visit / sample photographs of the field visit / permission letter from the competent authority.

Response of HEI:

As per the manual and SOP prescribed for autonomous colleges the metric ID 1.3.3 deals with number of students enrolled in value-added courses offered listed by the institute under metric ID 1.3.2. We had offered the proofs as per the SOP for autonomous college during the SSR submission. However, the DVV findings are related to field visit which is related to the metric ID 1.3.4

Although, the DVV query is not related to the original description of this metric as per SOP for autonomous colleges, we have provided links to the following, in the document attached:

Part 1: Supporting documents as per DVV-Details of field visit

- Report of the field visit
- Sample photographs of the field visit

Part 2: Supporting documents as per manual and SOP for autonomous college - Students enrolled in value added courses

- Students enrolled in value added courses
- Names of enrolled students. year wise, course wise
- Attendance sheets
