General Comments :

Overall a good job however, there is no mention of the general office moreover, the behaviour of staff towards college-going students. There is room for vast improvement in developing the college admission process, selection of subjects, attendance for lectures, cleanliness of canteen. There must be a bar set for all these processes, for example they should be comparable to the security and Watchmen of the college who do a very thorough job for checking of IDs, are respectable throughout the whole process and have effective methods of doing their job.
