**Action taken report on Course Feedback**

**Department of Microbiology – UG Odd Semester**

**We are planning to revise the FY courses from 2021-2022 and subsequently the other courses in the following years**

The student feedback on the different courses has been analyzed course wise by the faculty. The teaching-learning process has been suitably revised based on the feedback. The responses of the students will be taken into consideration during the revision of the syllabi. The FYBSc courses will be revised first for the academic year 2021-2022.

<b>COURSE CODE</b>	<b>STUDENT FEEDBACK (2019-2020)</b>	<b>ACTION TAKEN</b>
		Feedback was analyzed and courses were better organized
SMIC0101	The level of interest, syllabus coverage and evaluation w.r.t the course for the majority of students is moderate	The course was streamlined and more videos could be shown because of online teaching and better use of Google Classroom, a few quizzes were included in daily teaching.
SMIC0102	The level of interest, syllabus coverage and evaluation w.r.t the course for the majority of students is high	The course was made interesting with fun facts like myth busters in Microbiology
SMIC0301	The level of interest, syllabus coverage and evaluation w.r.t the course for the majority of students is high	Adapted to suit the online mode of teaching. Inclusion of more interactive quizzes. Continuous assessment was modified to assess different skills.
SMIC0302	The level of interest, syllabus coverage and evaluation w.r.t the course for the majority of students is moderate	More student participation and interaction were encouraged
SMIC0303	The level of interest, syllabus coverage and evaluation w.r.t the course for the majority of students is balanced	Students were challenged with analytical and application-based questions based on the concepts taught & learned on a day-to-day basis

NAAC SSR Cycle 4 (2015-2020):  
1\_4\_1\_Department ATR 19-20-MICROBIOLOGY

COURSE CODE	STUDENT FEEDBACK (2019-2020)	ACTION TAKEN
SMIC0501	The level of interest, syllabus coverage and evaluation w.r.t the course for the majority of students is moderate	Feedback was analyzed and courses were better organized  Students were challenged with analytical and application-based questions as per the concepts taught & learned on a day-to-day basis. Use of Google classroom to the fullest. For part of the course a flipped classroom was used with videos shown and course material discussed.
SMIC0502	The level of interest, syllabus coverage and evaluation w.r.t the course for the majority of students is high	Adapted to suit the online mode of teaching. Lecture-wise feedback was collected for the Medical section. Continuous assessment was modified to assess different skills.

#### PG Odd Semester

Since students are from different colleges, remedial teaching of the basic concepts was done to bring all the students on par with the syllabus requirements. More student participation and interaction were encouraged to build-up their confidence.
