This is to certify that Tanaya Nair, worked with the Oceans and Coasts programme at Nature Conservation Foundation for a period of 12 days between 17th May 2019 and 28th May 2019. During this period she contributed to a project involving the long-term monitoring of seagrasses in the Andaman and Nicobar archipelago. Her work involved estimating seagrass cover at one of the long-term seagrass monitoring sites. In addition, she helped enter and clean-up data in Microsoft Excel.

Tanaya is a keen learner and takes on every task to completion. She is prompt and thorough in her work.

Warm regards,

E. D'Souza

To whomsoever it may concern

This is to certify that Ms Tanaya Nair has completed an internship with Department of Wildlife Protection, Leh from 4 April, 2019 to 29 April, 2019 on the project, 'Understanding Ladakh's socio-ecological processes to design landscape-level development strategies' (NMHS). During her internship, she performed the following tasks:

1. She assisted in the GIS component of the project.
2. She participated in polygon search surveys in the Gya-Meru region in Ladakh.
3. She assisted with data entry related to the project.
4. She helped with analysis of food-catching experiments conducted as part of a study on red fox ecology.

She was an asset to the project and we wish her the best for her future endeavours.

Pankaj Raina
Wildlife Warden, Leh
