Faculty exchange: Report on St. Xavier's College meeting

Mumbai, August 31, 2018

All the details below will be finalized in discussions between Dr. David Shrider and Dr. Sawant and Dr. George. The goal is to run the program in 2019, see how it works and then tweak it to make it even better.

1. Miami University Farmer School of Business faculty member will visit St. Xavier's College Mumbai for two weeks in January 2019.

St. Xavier's College faculty member will visit the Farmer School of Business in April 2019 or October 2019, also for a period of two weeks.

2. Each faculty member will give guest lectures in class and meet with their faculty counterparts for possible research collaboration. If possible, Skype meetings to "meet and greet" may be set up, prior to actual travel.

3. Airfare and all other transportation costs will be paid by the home institution.

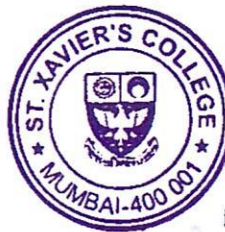

4. St. Xavier's College will host the Miami University faculty in the hostel on campus, if that is desired accommodation. Miami will pay the hotel costs, if our faculty member stays off-campus. Miami will pay for their own faculty member's meals in Mumbai.

Miami University will cover room and board for St. Xavier's faculty member during their two week stay in Oxford.

5. Details about the exchange, including specific areas of interest to each institution, will be discussed by Dr. David Shrider, Dr. Sawant and Dr. George, as noted above.

We hope this will be a robust development opportunity for our faculty and students in both institutions.

Dear Dr. Rajendra Shinde,

The Farmer School of Business is pleased to have completed our first faculty exchange between Miami University and St. Xavier's College. In January, 2019 Dr. Analisa Packham spent nearly two weeks at St. Xavier's in Mumbai and we are very grateful for everything you did for her during her visit.

We have now ended our two-week period hosting Dr. Aditi Sawant here at the Farmer School of Business at Miami University in Oxford, Ohio. Dr. Sawant's visit was from 8 April, 2019 to 19 April, 2019. During her stay, Dr. Sawant gave lectures to students in both Economics and Finance, met with our Women in Economics Club, attended classes in Economics, and spend a day on a local farm, visiting the site and interviewing the farmer for her research. We were delighted to have Dr. Sawant here for two weeks and I have received many comments from students about how much they enjoyed her lectures.

I hope that we can continue to grow this exchange and move to the point where we can sign a memorandum of understanding soon. I am confident that continuing to expand our relationship will extremely beneficial to both of our institutions.

Sincerely,

David G. Shrider
