Handout containing Schedule, Resource Persons Details and Feedback

THE NEXT STEP

Welcome to **THE NEXT STEP** a symposium organized by the Psychology Department of St. Xavier's College, Autonomous, Mumbai, on Saturday, 15th February 2020, in the McFarland Hall, XIC Building from 1pm to 5 pm.

The objective of this event is to give our current students a glimpse of the PG courses and potential career paths they can choose from after graduating with Psychology. The resource persons (many of whom are alumni of the department) from diverse fields, with varied experience, have been invited to throw light on the kind of course work, evaluate the course with respect to the pluses and minuses and share some personal insights from their journey towards a career path. Those who have had a lot of professional experience will speak about the profession/career rather than a course. Due to the range of areas we wish to touch upon, each of our speakers will get a maximum of 8 minutes (followed by 15-20 minutes of a combined audience interaction in the end).

We hope that this experience will help each of you, to make a more informed choice regarding your Next Step from St. Xavier's College.

REGISTRATION (1:00-1:15 PM)

Career Guidance Seminars organised by the Department of Statistics

'Further Education – India and Abroad – Statistics' by Tejas Mehta

On the 7th of May at 11am, the department of statistics arranged for an online alumni lecture for the students of first year BSC and BA statistics from St Xavier's College, along with some students from IY College.

Mr. Tejas Mehta, (Chairperson, Stats Society 2017-18) took the students through his journey of securing admission in LSE and University of Columbia before finally choosing the MA Economics course at the Delhi School of Economics.

The main objective of this interactive session was to give an idea about further studies in India and abroad, after graduation.

The online lecture took place via the zoom app, and it started with Tejas introducing himself to the students, after that he mentioned the two main parts of the session which were 1. Studying abroad 2. Studying in India. He started with explaining the studying process for entrance exams and emphasized on the importance of good grades. Furthermore he brought into light some facts about studying abroad, including the enormous amount of money required, and the vast variety of courses that are available. Tejas strongly suggested students to apply for scholarships, asked them to analyze the available courses thoroughly and make choices and to keep tracks of all news and updates.

Next, he suggested that students should not only take activities which enrich their Managerial skills, but also academics relates extra-curricular activities like editing, writing etc. Further the discussion was focused upon online courses and internships. Tejas asked students to undertake as many courses as possible, and to undertake mixed internships, which concern different jobs, so that the students would get better exposure. He shared some of his internship experience after which he explained the importance of good letters of recommendations, for which building a rapport with the teachers was essential.

The session then went on towards discussing about further education in India. Tejas pointed out that exams like IIT Jam, ISI and CAT, XAT etc were the most opted ones. Students wanting to pursue MBA were asked by him to study two years in advance. And he suggested students opting for Masters degrees to keep a good score and mentioned all top colleges and their entrance exams.

He finally pointed out the very common mistakes that students commit, and suggested suitable alternatives to avoid such mistakes. Then in the end, Tejas keenly answered all the doubts that students had and the interactive session ended around 12:15 pm.

Breaking into Tech without an Engineering Degree – by Metika Sikka

A webinar on guiding Stats students about entering the technical world was organized by the Stats Society on May 20, 2020.

OBJECTIVE:

To guide Stats students about making a career in the technical world after a Stats degree.

SUMMARY OF THE EVENT:

The webinar was organized by the Stats Society. The event started by introducing the speaker Ms. Metika Sikka and her accomplishments. Ms. Metika started the event by speaking about how she is an alumna of St. Xavier's College and went on to speak about her other alma mater Columbia University. She then spoke about the strengths and weaknesses of Stats Students while pursuing a career in technical world. She also gave advice on how one can overcome the weaknesses while she also shared her personal experience.

Ms. Metika spoke about the importance of building a good portfolio. She also shared tips on making it better and what one should or shouldn't do while making one. She then spoke about the required coding skills and resources to learn them. She proceeded by speaking about Github, Medium, Letter of Recommendations, CV and Resume. She concluded by speaking about the various options in Data Science and explained the prerequisites of pursuing a degree abroad.

The event ended with a Q&A session where Ms. Metika answered queries regarding scholarship and the 4th year which is required for a postgraduate degree in some countries. The event ended with the Stats Society thanking the speaker.

Commerce Section Competitive Exam Coaching Class Academic Year 2019-20

On behalf of the 30th year of its service, the Commerce Section started coaching centre in the academic year 2017-18 for the aspirants of the competitive examinations such as UPSC and MPSC. The objective of the coaching centre is to prepare the students for the competitive examination. The coaching classes were conducted once in a week throughout the academic year 2019-2020 by Dr. Jotiram Gaikwad and Dr. Joseph Rodericks, who passed the Civil Service Examination in 2009 and selected for Indian Defence Estate Service.
