Workshop on Gender Sensitization in collaboration with Red Dot foundation for teaching faculty

Date: 31-01-2020

Brochure

New notice

Staff Information

A workshop on 'Gender Sensitization' has been organized for the young teaching staff of our college in collaboration with Red Dot Foundation.

Day & Date: Friday 31/01/2020

Time : 2pm-4pm

Venue : SCAVI

All staff are welcome.

In case you plan to attend please drop an email today confirming your presence to Dr Annapurna.S at annapurna.s@xaviers.edu

Principal

30/01/2020

Report: A gender sensitization workshop for faculty members of the college was organized in SCAVI on January 31st, 2020 at 2pm which was attended by 41 teaching staff. The CEO of Red Dot foundation conducted a two- hour session discussing and addressing key differences regarding sex and gender that the modern teaching fraternity should be aware of. A few concerns were raised regarding the various problems that both staff and students may encounter in their daily lives and Ms. Elsa gave some practical solutions to those problems and discussed the POSH and POSCO Acts which are extremely relevant to the context and thus important for stakeholders to be aware of its usage. She also identified social stereotyping as an important cause of the problems relating to sex and gender roles that individuals are expected to abide by rather than being allowed to make an informed choice based on their preferences. A feedback form was circulated as a Google doc to faculty who had participated. Twenty-nine participants responded. The analysis indicates that the partakers were satisfied with the session, and it was well appreciated. A detailed analysis of the same is attached.

Report:

The Women's Development Cell (WDC), St. Xavier's College, works to promote women's empowerment and gender equality. To accomplish this goal the WDC conducts diverse activities on campus. For the first time a session on gender sensitization in Marathi was also conducted for all non-teaching staff of college - office staff and cleaning and security personnel. Alumna, Renuka Mukadam, with her long-term engagement and experience with the issues of sexual harassment at workplace in both public and private sector, was very effective in generating interest. With the help of short films and a very engaging talk she managed to put across issues related to gender equality in a sensitive manner.

कार्यस्थळी होणारा लैंगिक छळ

College काँम्पस लिंगभाव समान बनवणे गरजेचे

- ▶ शिक्षण सोबत संस्कार महत्वाचे आहेत
- ▶ College मुलांना नोकरीच्या जगासाठी तयार करते
- ▶ सध्या diversity युग महत्वाची आहे
- ▶ Diversity आणि inclusion चा पाया college च्या आयुष्यात रोवला जाणे गरजेचे आहे
- ▶ UGC सुद्धा आता यावर भर देते आहे
- ▶ या साठी सकोनी सतके राहण्याची गरज आहे
- ▶ युवा मुलांमध्ये हक्कांची जाणीव आहे

**Faculty Development programme on Aspects of Development:
Institutional, Communitarian and Personal organized by IQAC, St.
Xavier's College**
Date 18th – 20th February 2020

Schedule with Details

Date	Day	Time	Topic	Resource Person	Learning
19 th Feb	Wed	9.00 am - 10.30 am	Discernment for Decision Making	Fr. Keith D'Souza SJ	Overview of all Jesuit colleges and the ethos and refreshed the Ignatian pedagogy.
		11.00 am - 12.30 pm	Characteristics of a Jesuit Educational Institution: Growing as a Higher Educational Institution	Fr. Ignacimuthu Savarimuthu SJ	Understood the concept of discernment. Got new ideas of innovations that could be incorporated in terms of new courses and outreach programs. A glimpse of educational endeavors in other Jesuit institutions.
		2.00 pm - 4.00 pm	My Self Leadership – The Essence, And A Few Essentials	Dr. Aamir Shaikh	Personal Mission Statement (PMS) and Personal Development Plan (PDP) will help everyone recalibrate to his/her goals and ideals. It was useful, to know each other in the group. It gave a whole new view of leadership and allowed everyone to communicate freely through group discussions. All participants liked the content, organization and excellent execution. Fair-share was very interesting & enriching, displayed talents of our colleagues
20 th Feb	Thu		Dealing with Stress – Cultivating Mindfulness, Emotional Intelligence, and Resilience	Dr. Aamir Shaikh	STOP to deal with stress. how to work with mindfulness, be resilient, and how to use emotional intelligence in the workplace. Great session and the creative group exercise of poster plus in share fair was the best and fun.
		12.30 pm - 12.45 pm	Quieting the Overthinking Mind	Fr Francis de Melo SJ	Breathing exercises. Meditation to calm down the wandering mind

Report: Aspects of Development: institutional, communitarian and personal

The faculty development programme from February 18th evening to 20th evening was held at the Loyola Social Welfare Centre, Kune [between Khandala and Lonavala].

The goals of the programme were twofold: to have a training program for the senior college staff on different aspects of development, and to have an extra-mural opportunity to bond together as an educational community.

Report: First Quadrangle (Assembly after drill and demonstration of the use of extinguisher)
The lab safety committee of the college recognizing the need for fire safety organized a fire safety training and drill through Rarico Fire Services. The event was attended by 107 participants (68 non-teaching, 18 teaching and 21 students) from the college including the principal Dr. Rajendra Shinde. Dr. Priya Sundarrajan (Convener, Lab safety committee), introduced the topic and the company, Rarico fire services. The first session was conducted in the MMR, during which, the Rarico team headed by Mr. K. J. George trained the teaching and non-teaching faculty of the college regarding various aspect of fire safety. The aspects covered in the training were:

1. Types of fire: 5 types of fire A (Solid material- paper, wood etc.), B (Liquid fires involving kerosene, petrol), C (Fires involving gases), D (Electric fire) and K (Kitchen fires) were elucidated.
2. Stages of fire: Initiation, critical and blaze stages for the above-mentioned fire types were covered.
3. Types and use of extinguishers: The use of ABC extinguishers used in our college was explained to the audience in detail by an experienced member of Rarico team. He also mentioned the CO₂ type of extinguisher and the foam type of extinguisher.
4. DOs and DON'Ts in the event of a fire: Common instructions like not using the elevator or terrace, the meaning of the acronym FIRE (Find out Inform Risk use area/Request Exit/Extinguisher), emergency protocols for kitchen vs electric fire were some of the areas touched upon by the trainers. Audience also asked many questions.

The second part of the event involved a mock drill where all attendees were asked to report to the first quadrangle within 3 min just as they would be in a fire drill. In the first quadrangle, the Rarico team demonstrated the use of the ABC type of extinguisher on a small fire set in a metal tray. Many staff members and students were asked to volunteer to try out the use of the extinguisher as well. Both sessions were particularly useful for the faculty and students. The sessions also witnessed a lively interaction between the trainers and the audience. The feedback for the sessions were taken in the form of an online questionnaire.

<p>ABOUT ST. XAVIER'S COLLEGE (AUTONOMOUS), MUMBAI</p> <p>St. Xavier's College, founded by the Society of Jesus, has been engaged in University teaching and research since 1869. Over the last decade as an autonomous institution, we have experimented and evolved pedagogical strategies that complement our ideologies. With the rapidly changing millennial learner, we see a need to improve digital fluency, promote new forms of interdisciplinary studies, understand relevance of value education, encourage inclusive education, foster authentic learning and work on curriculum design. As an extension of our commitment to the dissemination of quality education, we are organizing an international conference on various aspects of education. The conference aims at creating a platform for the exchange of ideas and practices with national and international experts in the aforementioned areas.</p> <p>OBJECTIVES</p> <ol style="list-style-type: none">i. Empowering educators with pedagogical techniques available for the education of Students with Disabilities (SWD).ii. Bridging the gap between Academia and Industryiii. Exposing participants to ICT available for facilitation of teaching & learning	<p>iv. Examining interdisciplinary approaches in learning</p> <p>v. Addressing the social and affective challenges of the millennial learner.</p> <p>PANEL DISCUSSIONS</p> <ul style="list-style-type: none">• National Education Policy (NEP)• Relevance of Value education in HEIs <p>WORKSHOPS</p> <ul style="list-style-type: none">• ICT tools for teaching and learning• Inclusive education - Train the trainer (for educators in science)• MOOC- Designing an online course• Dance to de-stress• Voice modulation• Basic counselling skills for educators <p>CONFERENCE SUB-THEMES</p> <ol style="list-style-type: none">1. Report: On Disha – International Conference on Evolving Trends in Higher Education, 12-13 March 2020, St. Xavier's College (Autonomous), Mumbai

In view of the proposed National Education Policy (NEP) and with the rapidly changing millennial learner, we saw a need to improve digital fluency, promote new forms of interdisciplinary studies, understand relevance of value education, encourage inclusive education, foster authentic learning and work on curriculum design. As an extension of St. Xavier's College's commitment to the dissemination of quality education, DISHA-International Conference on Evolving Trends in Higher Education was organized in March 12-13, 2020. This was an IQAC initiative of St. Xavier's College

This conference brought together educators from different streams and representing various institutes from different parts of our country to discuss the various aspects of education. The conference aimed at creating a platform for the exchange of ideas and practices with national and international experts in the aforementioned areas.

The objective of this conference was fivefold:

- Empowering educators with pedagogical techniques available for the education of Students with Disabilities (SWD)
- Bridging the gap between Academia and Industry
- Exposing participants to ICT available for facilitation of teaching & learning
- Examining interdisciplinary approaches in learning
- Addressing the social and affective challenges of the millennial learner

Report for 'online skill development workshop on transition to online learning

On declaration of lockdown in the mid of March 2020 due to the SARS COV 2 Pandemic there was an immediate need for the college faculty to connect with their students, especially the TY and master's Part 2 students, to aid their preparation for the final end semester exams as well as other students to keep them academically focussed.

Father Roy Pereira of Creighton University, Omaha, USA, and Mr. Marazban Kotwal, the Head of the Chemistry Department of St. Xavier's College collaborated to organise a workshop in conferencing platforms especially focussed on ZOOM Platform which was gaining popularity in USA and picking up a feeble momentum in India.

Father Roy Pereira and Mr. Marazban Kotwal trained the faculty in using the ZOOM platform to share screen, share videos, share audio clips and use the virtual whiteboard effectively for teaching. Muting students, etiquettes to raise hands for questions was demonstrated. The utility of break-out room and various methods of using break out rooms was demonstrated. The faculty were split into various groups and placed in different break out rooms to strategize and discuss further plans to mitigate any academic loss to the students with immediate effect through the ZOOM platform. The workshop ended with various groups making a short presentation on the conclusion they had drawn from the group discussion.

As a quick result many of the Departments called for a meeting amongst the faculty and with students immediately post the workshop leading to good communication and vibrant academic discussions with the students. Many Departments had meetings with the alumnus too to involve them in engaging with the students too.

Report: Creative Thinking for Educators

In the light of the lockdown and need for training teachers to conduct sessions using an online medium, this workshop for educators served multiple objectives for both the resource person as well as the participants. It gave us an opportunity to practice our skills online as well as share ideas for understanding and applying divergent thinking to our classrooms and beyond. The uncertainty of our situation and the demand to upskill and adapt, the **theme of the workshop** was even more **relevant**.

It was held over two days (13th and 15th April 2020) using the zoom platform. There were **46 participants** on 13th April and **44 participants** on 15th April 2020.

The **outline** covered was as follows:

Part one (Day 1)

- Significance for educators
- Divergent v/s Convergent thinking
- The nature of creative thinking
- Learning from children
- Homework

Part two (Day 2)

- Share ideas from homework done
- What blocks us from thinking creatively?
- Techniques to stimulate creative thinking
- Applications in the classroom
- Applications in personal life

Participants were involved and engaged with the ideas and also the homework which involved watching two videos and noting down their insights and also preparing something using newspaper (it could be anything as long as it was something they had not made before). They enjoyed the process of working with their hands to create something and some also involved their family members in the process. Although it took a long time to have participants show the others what they had made it was also a way of getting to know each participant. Some of the concepts were discussed to generate an attitude of openness to ideas and a flexibility in problem solving. Some ideas could be directly applied to classrooms and other ideas were shared to widen the scope of the principles of creative thinking to almost any situation in one's life. The feedback was encouraging, and participants were appreciative of this learning experience.

HRD workshop on – Microsoft Teams App Training on 28th April 2020

Date: 28th April 2020

Report: Internal quality assurance cell of the college organised a workshop followed by training session on usage of Microsoft team app for the teaching staff members of the senior college on 28th April 2020. The objective of the training session was to get the staff members acquainted with the changing methodologies from the face-to-face teaching onto the online mode of teaching. The training session was conducted by Srinivas Garimella - Director Education - Microsoft. More than 75 staff members of the college availed the benefits of the training session. Training session included creating the courses and adding students into the course. Scheduling the meeting and conducting the classes. The available options for conducting the evaluation were also demonstrated. Staff were assisted in creating the individual account for further usage.

Workshop on 'Mind Maps - A Creative Tool for Teaching, Learning and Beyond'

Date: 6th & 7th May 2020

Report: The workshop on Mind maps a creative tool for teaching, learning and beyond was organised by Department of Life Science and Biochemistry in collaboration with Internal quality assurance cell of the college. The workshop was conducted on 6th and 7th may 2020. The workshop was attended by more than 60 senior college staff members who participated actively in the interaction session during the workshop. Dr. Radhika Tendulkar, Faculty member from the Department of Life Science and Biochemistry conducted the session.

The Mind Map is a graphical tool used to represent an exceptionally large volume of information in a concise manner on a single sheet of paper. This tool makes use of varied cognitive skills executed by different regions of the human cerebrum. Cognitive skills pertaining to perception of colours, images, numbers, words and the associations between all of these are harnessed in a mind map, for better clarity, recall and organisation of vast amounts of data.

The workshop was aimed at introducing to the faculty this creative tool for classroom teaching. The workshop was divided in 2 sessions. The first session dealt with understanding the concept of a mind map, ways/norms to construct mind maps and the varied advantages of this graphical technique in personal and professional life. Faculty were guided in constructing mind maps on topics such as i) Myself today (Lockdown diaries) ii) My plan for the next academic year, iii) Profile of a committee that you work for. Selected Mind maps were presented for a review, discussion and feedback in session two. This was followed by a presentation on different ways to use a mind map for classroom teaching, assessment, planning of events/tasks/meetings, decision making etc, based on personal experiences and case studies. This was followed by faculty interaction for sharing experiences pertaining to this tool.

Workshop on - Connecting with Virtual Audiences & Building Engagement

Date: 24th May 2020

Report: A Zoom Session, for all the Senior and Junior Teaching Staff on Connecting with Virtual Audiences and Building Engagement was conducted on 24th May 2020. The resource person of the workshop was Mr Abhinay Bhasin (SXC alumnus and currently the Director (South Asia), Dentsu Aegis network Data Sciences Division, President (India) - Young Leaders Program; International Advertising Association). The workshop included 2 sessions

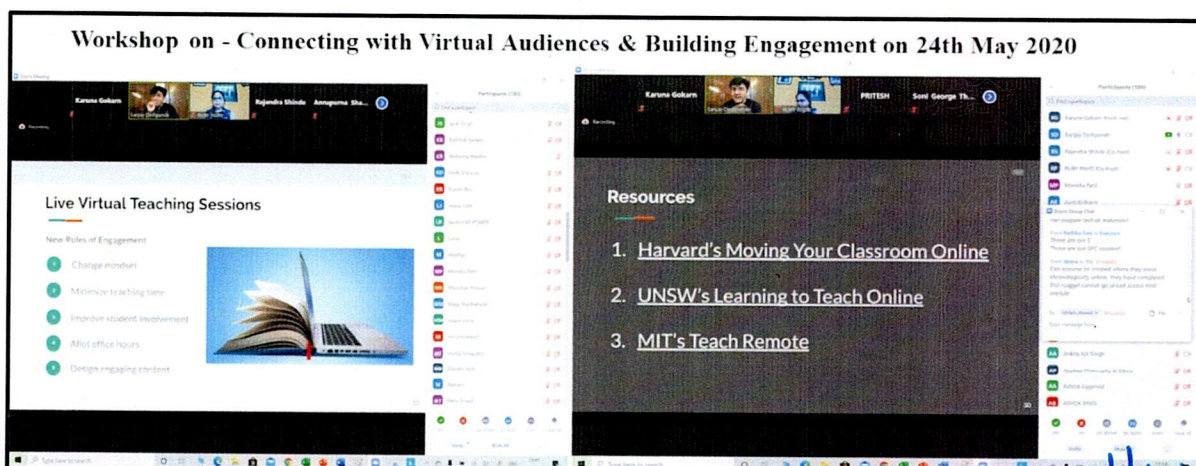

Session 1: Topic: Connecting with Virtual Audiences & Building Engagement:

A session focused on the shift from physical talks to virtual interactions. What are some of the challenges, how can they be overcome, what are the core resources for support, how can knowledge be shared and enhanced in a virtual space.

Speaker: Abhinay Bhasin

Session 2: A session on Online Skills and organisational experience was conducted by Sanjay Deshpande.

The sessions focused on the shift from physical talks to virtual interactions. What are some of the challenges, how can they be overcome, what are the core resources for support, how can knowledge be shared and enhanced in a virtual space. Interaction session followed by Q/A concluded the workshop. The programme was organised by the IQAC of the college. More than 100 staff members from Senior and junior college participated in the workshop.

Xavier's online connect - Training workshop on using the Zoom Cloud

Meeting Platform

Date: 26th May 2020

Title of the programme:

झूम प्रशिक्षण

Training workshop on using the Zoom Cloud Meeting Platform

Date & Time:

26th May 2020, 4:00 – 5:30 PM

Resource Person:

Dr Maya S Murdeshwar

The ZOOM training session was undertaken specially to enable non-teaching staff members to use and interact using the video conferencing platform. The session was conducted a day prior to the lecture series to familiarize the non-teaching staff members its usage for formal and informal video conferencing in the Covid-19 Lockdown period. A brief reference to the etiquette of attending online meetings – dressing, sitting, speaking, chat box etiquette – was also discussed by Dr Prashant Ratnaparkhi.

It was observed that several of the registrants did not have email ids, which is prerequisite to use ZOOM platform. Hence, 3 training videos were made and shared with them prior to the ZOOM Training Session:

1. 'Generating an E-mail (Gmail) ID'

YouTube link: <https://youtu.be/OkvXscyGVUY>

2. 'Downloading, Installing and Activating ZOOM App'

YouTube link: https://youtu.be/XDt_p0dEjWQ

3. 'Joining and Leaving ZOOM meetings'

YouTube link: <https://youtu.be/g7MDnhFdi9k>

A total of 172 participants attended the live training session with a constant participation from about 166 participants (50 from SXCM and XIC). Others kept getting disconnected and reconnected because of internet connectivity issues.

Report: Xavier's online connect sessions were organised by the Department of Life Science and Biochemistry in association with IQAC unit of the college. The activity was conducted from 27th to 29th May 2020 on online platform. The details of the sessions conducted by the resource person is summarised

Day 1: **लॉकडाऊनच्या काळात मानसिक स्वास्थ्याची सकारात्मक जपवणूक – प्रख्यात मानसोपचारतज्ज्ञ डॉ आनंद नाडकर्णी यांच्याशी हितगूज - Preserving our Mental Health during the Lockdown**

Date & Time: 27th May 2020, 4:00 – 5:30 PM

Resource Person: Dr Anand Nadkarni

Moderators: Ms Sonali Paradkar (Library), Mr Kishor Arbune (Statistics)

This was the first lecture in the 3 invited lecture series by world renowned eminent psychiatrist Dr Anand Nadkarni. Dr Nadkarni is the founder of the Institute for Psychological Health (IPH), Mumbai and Pune, and is known for his social outreach programmes on mental health in Maharashtra and abroad. Dr Nadkarni very kindly consented to speak to the non-teaching staff members in Marathi on preserving mental health during Covid-19 lockdown times.

Day 2: **लॉकडाऊन दरम्यान आहार आणि पोषण -Diet & Nutrition during the Lockdown**

Date & Time: 28th May 2020, 4:00 – 5:30 PM

Resource Person: Ms Gourpriya Koppikar

Moderators: Ms Namrata Naik (General Office), Mr Vijay Gurav (Chemistry)

This was the second lecture in the 3 invited lecture series by Ms Gourpriya Koppikar, RD, Bombay Hospital. Ms Koppikar had over 3 decades of experience as a Clinical Nutritionist and Dietitian in the treatment of critical/trauma care patients. She spoke about the diet to be followed during Covid-19 lockdown and thereafter, with focus on immunity boosting foods and drinks. She shared several recipes and tricks and tips to ensure a balanced, nutritious meal daily.

Day 3: **आरोग्यासाठी योग आणि प्राणायाम - Yog and Pranayam for Good Health**

Date & Time: 29th May 2020, 4:00 – 5:30 PM

Resource Person: Mrs. Rajashri Shinde

Moderators: Ms Nilam Jadhav (Knowledge Centre)

Mr Manohar Velaye (Life Science & Biochemistry)

This was the third lecture in the 3 invited lecture series by Mrs Rajashri Shinde, a practicing Yog instructor and Naturopathy and Natural Living expert actively engaged in Yog teaching at Yog Vidya Niketan, Vashi, Navi Mumbai. Mrs Shinde spoke about the theory behind yog and pranayama and coupled it to simple exercises and breathing techniques that could be done in the small constricted space of city homes, without the need for guidance by a trained yog instructor. She gave tips on increasing immunity through regular yoga practice and a simple diet.

Objectives:

An interactive session in which the faculty was trained with suitable hand-holding during the training session helped in developing a aptitude to handle the G-Suite chiefly. Most of the tools suitable to education, educators and learners were covered up in the workshop. Understand the use of the GOOGLE CLASSROOM as a learning management system and its integration with Google Forms, Docs, Sheets, Plagiarism Checkers, Assignment's collection and evaluation to name a few. The course aim at giving the educator a holistic learning of the G-suite tools to bring in an effective teaching and learning with a seamless collaboration between instructors and students.

For teachers who are not comfortable with Google Classroom; another LMS (learning management system) was introduced, namely, Canvas. Suitable chrome extensions to make the

academic year move in a smooth flow was also offered as a part of the training of this workshop.

Outcomes:

1. Developing sound knowledge of the various e-learning tools
2. Clarifying doubts related to the tools in real time
3. Exploring avenues of new learning technologies
4. Understanding ways to connect with students in a virtual lifestyle.

Report:

Conducted By: XRCVC in collaboration with IQAC, St. Xavier's College (Mumbai)

CoVID-19 has pushed the education ecosystem into uncharted areas. Online Education and Learning posed many opportunities and at the same time posed many challenges. One such challenge is that of inclusion and accessibility for Students with Disabilities (SwDs). With the Rights of Persons with Disabilities Act (2016), all higher education institutes have been mandated with a 5% reservation for students with disabilities and ensuring inclusive education. What worked for inclusion in physical classrooms may not work for online classrooms. Given XRCVC's expertise in the area it was felt necessary for the XRCVC to undertake research in this space and offer its learnings not only to the college faculty but also to other institutes as everyone began the online learning process.

The 2-day workshop aimed to:

- Acquaint participants to the challenges of Inclusion for Online Learning.
- Equip participants with Pedagogical strategies to make online classrooms inclusive.
- Orient and equip participants on the 'how to' of making online learning content accessible.
- Familiarize the participants with the use of accessibility features of online meeting platforms and assistive technologies to build accessibility to online learning.

The workshop was attended by over 300 plus participants of whom 156 participants qualified for certificates. It was heartwarming to see participants from 115 institutes across the country and literally from Kargil to Assam to Patna to Trichy, Chennai etc.

About the Workshop

CoVID-19 has pushed the education ecosystem into uncharted areas. Online Education and Learning have many new opportunities and at the same time pose many challenges. One such challenge is that of inclusion and accessibility for Students with Disabilities (SwDs). With the Rights of Persons with Disabilities Act (2016), all higher education institutes have been mandated with a 5% reservation for students with disabilities and ensuring inclusive education. Whilst many of the higher education institutes have started putting systems and processes in place to make education inclusive, continuing this in the online mode poses new challenges. What worked for inclusion in physical classrooms may not work for online classrooms. The 2-day workshop aims to:

- Acquaint participants to the challenges of Inclusion for Online Learning.
- Equip participants with Pedagogical strategies to make online classrooms inclusive.
- Orient and equip participants on the 'how to' of making online learning content accessible.
- Familiarize the participants with the use of accessibility features of online meeting platforms and assistive technologies to build accessibility to online learning.

Outcome: Participants would carry back with them at least 4-5 key simple and implementable ideas to make online learning more inclusive and accessible for students with disabilities.

Instruction to Participants

- Participants are expected to attend and participate in all the sessions.
- E-Certification will be granted based on attendance and feedback form completion. E-Certification will only be granted to participants who attend the full workshop on both days in the Zoom Us platform (YouTube live streaming will not be eligible for certification)
- Sessions will be conducted on Zoom.us
- Meeting ID and Passwords will be shared before the session days
- Good internet connectivity is mandatory
- Our zoom room has a capacity of up to 500 participants. Entry into the room on days of the workshop will be on a first come first serve basis. The remaining participants will be able to attend the workshop through YouTube live streaming. (Link for YouTube live streaming will be shared a day before the workshop.)

Registration Details

Registration to this program is free

Participants are expected to register themselves on <https://forms.gle/dVZMODTeTQ17xt579>

Registrations will be open from 15th June – 18th June

After registration, participants will be sent a Zoom us registration link. Only participants who complete the Zoom us registration by 19th June will be eligible to participate.

Participants to join the session on the day through the Unique Meeting ID and password that will be emailed to them directly by Zoom Us

For any queries related to registration please contact
