7.1.10: Report on the student attributes facilitated by the Institution

St. Xavier's College believes in imparting education that translates to humanistic outreach to build better communities and socially conscious citizens. From the motto of our college to its mission, vision, curriculum, all the co-curricular as also the extra-curricular activities facilitate in building these attributes.

The motto of our 151 year old institution '*Provocans ad volandum*' (Challenging to Fly) encourages our students to explore their potential and challenges them to go beyond, offering them an atmosphere conducive for freedom of thought and expression.

The vision of our college dedicated to holistic education facilitates in building attributes requisite for future leaders who will demonstrate innovation in their professional competencies, integration in their personal lives and inclusion in their social contribution.

Be it lectures, discussions in the classroom, assignments, projects, innovative means of evaluation all these facilitate our students to think critically, independently and creatively. It helps them to connect studies with contemporary industry developments and applications. The Knowledge Centre facilitates our students to keep abreast with the new technologies and skills, while the Entrepreneurship Cell helps them in honing their entrepreneur skills.

Courses like 'Giving Voice to Values' foster attributes of integrity, transparency, accountability. The additional compulsory credits of SIP (Social Involvement Program) give an opportunity to our students in caring and providing for the marginalised and the disadvantaged. The Counselling Centre and the Wellness Centre of our college facilitate in building emotional, interpersonal, social and spiritual intelligence.

The panel discussions, debates, seminars organised by departments and associations help our students appreciate pluralism and diversity in our society. Organisation of tree plantation drives, beach clean ups, nature walks by different departments: Botany, History, Zoology helps to raise awareness about the importance of the natural environment.

Festivals like *Janfest* (Indian classical music festival), *Malhar* (intercollegiate cultural festival) and many other department fests equip our students to develop confidence, organisational skills and leadership qualities.

St. Xavier's College provides an atmosphere which facilitates development of multiple student attributes.
