- Awareness lecture on 'Human Animal Conflict' for School Children & Residents in Buffer Zones surrounding Sanjay Gandhi National Park (SGNP), Mumbai

Organizing Department:

Management Studies

Participants:

FYBMM students (37),

Std 7th -9th students from

- Harsh Public School, Aarey Colony, Goregaon
- Holy Star English High School, Malad
- St John The Evangelist High School, Marol, Andheri
- Residents of Marigold Society, Kandivli

Date:

21stFeb./2nd, 4th, 12thMar. 2019

Description:

'Human wildlife conflict', isn't necessarily a conflict per se but rather a result of constant encroachment by humans in SGNP, Mumbai, where leopards live. The Forest Department earlier instructed for an area of 10 km to be left as buffer zone around the park. This was later reduced to 4 km, which has only caused the number of leopard wanderings into human settlements. The FY BMM students therefore conducted workshops with school children and child residents of housing societies neighbouring the National Park on this topic as they would actually listen (unlike adults) and also because they are the ones who could convince their parents to take part in conservation drives.
